

Welcome To THE AVENUE

We're The Avenue Concept, Providence's first privately funded public art program; we're dedicated to nurturing and supporting public art ecosystems. This map shows you how to explore and discover nearly a dozen sites around Downtown Providence where we have installed public art. We've got sculptures, murals and perennial gardens throughout the city's urban core to surprise and delight you. We've also placed helpful plaques and maps at each site to guide you to the next one. Think of it as your own self-guided public art tour. Enjoy!
